

X-RAY APPLICATION

Division of Research Safety
 Radiation Safety Section
 (217) 244-4559 –or– (217) 244-7233

101 S. Gregory St., Room 106
 Urbana, IL 61801-3070
 (217) 333-2755/fax: 244-6594

Applicant Name: _____
Department: _____
Permit Number: _____
Office Address: _____
Phone: _____
Email Address: _____@illinois.edu

1. List all X-ray Personnel and their Status (A = Authorized User, T = Trainee)

NAME	STATUS	NAME	STATUS

2. Please submit a description of applicable experience and training in the use of radiation-generating equipment for each authorized user listed above. Include where the experience was obtained and the period of experience. (attach additional sheets if necessary)

3. Attach a description of each x-ray unit, including shielding, interlocks, warning devices, and other safety features. (page 3 can be used to complete this information)

4. List the portable radiation survey instrument that is present in the facility to monitor radiation fields:

5. Provide a brief description of the research that will be conducted under this permit:

Certification

I certify that the information stated herein is true and correct. This application is made under and in conformity with all applicable federal, state, and University regulations pursuant to the use of analytical x-ray equipment. I understand that all individuals working in the areas where radiation hazards may exist, will be informed of: the use of radiation-producing equipment; the health risks associated with radioactive materials; precautions to minimize exposure; the responsibility to promptly report any condition which may cause a violation of the regulations/license or unnecessary exposure to radiation. I further certify that radiation-producing equipment will not be transferred to another person or place inside or outside of the University without the prior consent of the Radiation Safety Section.

DESCRIPTION OF X-RAY PRODUCING EQUIPMENT USED UNDER PERMIT # _____

X-ray Unit No. _____

Generator Manufacturer/Model No.	
Generator Serial No.	
Generator Manufacture Date	
Tube Manufacturer/Model No.	
Tube Serial No.	
Maximum Tube kVp & mA	
X-ray Unit Location	
Shielding/Interlocks	
Warning Devices	
Other Safety Features
